

High Intensity Grade

ORALITE® 5800 / 5810

Long term outdoor applications

Product benefits include:

- High performance acrylate film
- Thin structure for easy application
- Weather proof
- Compliance to EN 12899-1
- Class RA2, design B
- Excellent printability (screen printing)
- Excellent adhesion to metallic surfaces (e.g. aluminum and galvanised steel)
- Lettering film: We recommend ORALITE® 5081 / Transparent Film: We recommend ORALITE® 5051

Product	Colour range	Printing	Roll sizes	Outdoor durability
ORALITE® 5800	White, yellow, orange, red, green, blue, brown	Screen printing (ink: ORALITE 5018)	1220mm x 50m 610mm x 50m <i>Special widths available</i>	10 Years
ORALITE® 5810	White, yellow, orange, red, green, blue, brown <i>With watermark</i>	Screen printing (ink: ORALITE 5018)	1220mm x 50m 610mm x 50m <i>Special widths available</i>	10 Years

Please Note: Strictly intended for adhesion onto even surfaces

Engineer Grade Premium

ORALITE® 5700 / 5710

Long term outdoor applications

Product benefits include:

- The Engineer Grade Premium is slightly thicker and higher reflecting than the standard Engineer Grade
- Alkyd resin surface
- Weather proof
- Compliance to EN 12899-1
- Class RA1, design A
- Excellent printability (Screen printing)
- Excellent adhesion to metallic surfaces (e.g. aluminum and galvanised steel)
- Lettering film: We recommend ORALITE® 5071 / Transparent Film: We recommend ORALITE® 5051

Product	Colour range	Printing	Roll sizes	Outdoor durability
ORALITE® 5700 PREMIUM	White, yellow, orange, red, green, blue, brown, black	Screen printing (ink: ORALITE 5018)	1220mm x 50m 920mm x 50m 760mm x 50m 610mm x 50m <i>Special widths available</i>	7 Years
ORALITE® 5710 PREMIUM	White, yellow, orange, red, green, blue, brown <i>With watermark</i>	Screen printing (ink: ORALITE 5018)	1220mm x 50m 920mm x 50m 760mm x 50m 610mm x 50m <i>Special widths available</i>	7 Years
ORALITE® 5500	White, yellow, orange, red, green, blue, brown, black	Screen printing (ink: ORALITE 5018)	1220mm x 50m 920mm x 50m 760mm x 50m 610mm x 50m <i>Special widths available</i>	7 Years
ORALITE® 5510	White, yellow, orange, red, green, blue, brown <i>With watermark</i>	Screen printing (ink: ORALITE 5018)	1220mm x 50m 920mm x 50m 760mm x 50m 610mm x 50m <i>Special widths available</i>	7 Years

Please Note: Strictly intended for adhesion onto even surfaces

Engineer Grade

ORALITE® 5500 / 5510

Long term outdoor applications

Commercial Grade

ORALITE® 5400 / 5300

Medium term outdoor applications

Product benefits include:

- Ideal 'allround' reflective films, where a minimal degree of reflectivity is needed
- Weather proof
- Excellent adhesion to metallic surfaces (e.g. aluminum and galvanised steel)
- Class RA1, design A
- ORALITE® 5400 – PVC top surface for max flexibility, ink jet printing and excellent cutting properties
- ORALITE® 5300 - Alkyd resin surface

Product	Colour range	Printing	Roll sizes	Outdoor durability
ORALITE® 5400	White, yellow, orange, red, green, blue	Ink jet printing Screen printing (ink: ORALITE 5018)	1220mm x 50m 610mm x 50m	4 Years
ORALITE® 5300	White, yellow, orange, red, green, blue	Screen printing (ink: ORALITE 5018)	1220mm x 50m 920mm x 50m 760mm x 50m 610mm x 50m	7 Years

Please Note: ORALITE® 5400 and ORALITE 5300 are both compliant to EN 12899-1. Strictly intended for adhesion onto even surfaces

Economy Grade

ORALITE® 5200

For sign boards, lettering, markings, symbols and graphic applications

Product benefits include:

- Short term outdoor use
- Cast PVC polymer blend surface
- High flexibility
- Excellent printability (Screen printing and ink jet printing)
- Excellent adhesion to metallic surfaces (e.g. aluminum and galvanised steel)

Product	Colour range	Printing	Roll sizes	Outdoor durability
ORALITE® 5200	White, yellow, orange, red, green, blue	Screen printing (ink: ORALITE 5018) Ink-jet printing	1220mm x 50m 610mm x 50m	3 Years

Please Note: Strictly intended for adhesion onto even surfaces
