

Barricades

Barricades are the sturdy work horses on the road, helping traffic to avoid hazards and protecting roadway workers. That's why durability is critical – they need to endure the rigours of the roadway and the rough environment of frequent set-up and take-down yet maintain visibility performance for safety.

ORAFOL provides the highest quality sheeting materials designed for ease of application and superior durability. Whether our more economical glass bead offering or our high performance prismatic sheeting, all of our products conform to EN 12899-1. ORAFOL products provide excellent adhesion to polyolefin substrates and are available with a preprinted chevron pattern.

Products in this range include:
ORALITE®

High Intensity Prismatic (HIP) Construction Grade

ORALITE® 5930 / 5931

Short and medium term outdoor applications

Product benefits include:

- High reflective prismatic film, also available with a preprinted chevron pattern
- Surface of acrylic film
- Compliance to EN 12899-1
- Class RA2, design B
- Excellent adhesion to polyolefinic substrates

Product Identification pattern for ORALITE® HIP Grade

Product	Colour range	Printing	Roll sizes	Outdoor durability
ORALITE® 5930	White, yellow, Fluorescent yellow, Fluorescent orange	Screen printing	1220mm x 50m 610mm x 50m	5 Years
ORALITE® 5931 <i>Red-white version approved by BAST</i>	White-red, yellow-red, yellow-black, Fluorescent yellow-red, Fluorescent orange-black <i>With chevron pattern</i>	n/a	246mm x 50m Blanks: 1000 x 246mm	5 Years

Please Note: Strictly intended for adhesion onto even surfaces

High Intensity Construction Grade

ORALITE® 5830 / 5831

Short and medium term outdoor applications

Product benefits include:

- Flexible reflective film, preprinted in a chevron pattern
- Surface of acrylic film
- Compliance to EN 12899-1
- Class RA2, design B
- Excellent adhesion to polyolefinic substrates

Product	Colour range	Printing	Roll sizes	Outdoor durability
ORALITE® 5830	White, yellow, orange, red, green, blue	Screen printing (ink: ORALITE 5018)	1220mm x 50m 920mm x 50m 760mm x 50m 610mm x 50m	5 Years
ORALITE® 5831 <i>Approved by BAST</i>	White-red, yellow-red, yellow-black	n/a	246mm x 50m Blanks: 1000 x 246mm	5 Years

Construction Grade

ORALITE® 5430 / 5431

Short and medium term outdoor applications

Product benefits include:

- Flexible reflective film, preprinted in a chevron pattern
- With watermark and a surface of cast PVC copolymer
- Compliance to EN 12899-1
- Class RA1, design A
- Excellent adhesion to polyolefinic substrates

Product	Colour range	Printing	Roll sizes	Outdoor durability
