

High Intensity Prismatic (HIP) Container Marking Grade

ORALITE® 5951

Flexible high performance prismatic film

Product benefits include:

- High reflective flexible prismatic film
- Preprinted in chevron pattern
- Weather proof
- Surface of special treated PVC film
- Compliance to EN 12899-1
- Class RA2, design C
- BAST approved
- Excellent adhesion to painted surfaces as well as to polyolefinic substrates.

Product Identification pattern for ORALITE® HIP Grade

Product	Colour range	Printing	Blank sizes	Outdoor durability
ORALITE® 5951	White-red	n/a	141mm x 705mm	5 Years

Please Note: Depending on the stress the film is subjected to, full functionality is guaranteed for a period of up to three years

High Intensity Container Marking Grade

ORALITE® 5851

Flexible glass bead construction

Product benefits include:

- Flexible reflective film preprinted in chevron pattern
- Weather proof
- Surface of modified acrylic film
- Compliance to EN 12899-1
- Class RA2, design B
- BAST approved
- Excellent adhesion to painted surfaces as well as to polyolefinic substrates.

Product Identification pattern for ORALITE® 5851

Product	Colour range	Printing	Blank sizes	Outdoor durability
ORALITE® 5851	White-red	n/a	141mm x 705mm	5 Years

Please Note: Depending on the stress the film is subjected to, full functionality is guaranteed for a period of up to five years

Containers & Dumpsters

ORAFOL high visibility reflective markings for moveable containers and waste removal trucks were designed for high performance and durability – even when they're treated like garbage.

ORAFOL offers highly reflective products developed specifically for permanent and exchangeable containers on public roads. The materials offer excellent corrosion, solvent and grime resistance. They withstand impact and are manufactured with an aggressive adhesive, formulated for painted surfaces and polyolefin substrates. The products within the ORALITE® Container Marking Grade range include both prismatic and glass bead options. All products are EN 12899-1 compliant and BAST approved.

Products in this range include:
